Alex Peltier (CA/OCS/EMR) called to tell us that the New York State Attorney General's office said they would send to Dept today, via Express Mail, the legal findings re the identification of Sullivan's remains. Upon receipt the Dept will authenticate the AG's signature and then send the documents to the Salvadoran Embassy for their authentication of Dept's signatures. The Dept hopes to reach the documents to Embassy by Tuesday.

A cable re above is on the way.

I told Peltier that Consul and Polcouns had an appointment with Fiscal General Rivera, on Monday and may want to assure him that the report from New York is on the way.
